Sloan's Liniment

Bruises—Rheumatism—Neuralgia

Mothers: "Keep a bottle in your home"

Price 25c., 50c. and \$1.00

Another Pioneer Passed Away

November 22 Daniel B. Allen of Rothville bid final farewell to earthly things, aged 81 years, 11 months, 12 days. He was a member of the Baptist church for 63 years, a charter member of the church which he helped to organize in 1852. An ex-confederate of General Sterling Price command, he fought in many engagements tho his office was regimental commissary, and was among the very few who escaped being wounded.

April 19, 1859 he was united in marriage to Miss Judith Gilliam and to them were born eleven children, John, Walter, Dan, Charles, Mrs. W. F. Hamilton, Mrs. L. J. Cameron, Mrs. J. E. Manlove, Mrs. Frank Cross, Mrs. W. D. Venable, Mrs. F. L. Dexter and Mrs. M. P. Allen, all living.

Who is it who did not know "Uncle Daniel Allen" that ever was near Rothville and who go from his gentle presence feeling less charitable and christianlike? It is sad that such characters cannot remain longer to harmonize the old and the new order of society. Leaving conditions in such variance with those obtaining in their early life, who will be left to equalize the trend with genuine character and noble ideals when all these good old people are gone.

Rev. R. L. Stratton conducted funeral services Nov. 24.

Try smoking Chariton.

Miss Supheridge—"I should just like to see the man that I'd promise to love, honor and obey!"

Miss Pertly—"I'm sure you would dear."—Brooklyn Life.

Oil Engines

There are three types of oil engines that have been developed to a point where they can successfully compete with gasoline engines. These are the hot bulb engine of the old Hornsby-Akroyd type, the Diesel engine and the Brons engine. None of these engines are new. They have been on the market for years and thousands of them are in use both in this and in foreign countries. There are probably more oil engines in use abroad than in this country because gasoline prices have always been relatively cheap and we have preferred gasoline because, while more expensive, it is so easy to handle. A gasoline engine can be started immediately and there is almost no trouble with carbonization.

Oil engines require a little more attention than do gasoline engines. They do not start quite as readily as a rule and under certain conditions and with very heavy oils they may carbonize a little more. These things added to the fact that people were acquainted with gasoline engines and felt greater confidence in them have retarded the development of the oil engine in this country.

But most of these objections are more fanciful than real. The best of the modern oil engines give almost no trouble and are almost as easy to start as a gasoline engine. Like all machines that have been in use for an extended period they have been improved until now they are very reliable.

Miss Bertha Kribben returned to St. Louis last Friday.

Whoever says goose, stuffed with onion, is not good "Eatin' Thanksgiving as well as Christmas, will be credited with dyspepsia and perverted taste.

YOURSELF AND OTHERS

Local News Briefly Mentioned

Ex Editor J. A. Larison spent Thanksgiving with friends here.

Miss Fredda Cruse of Salisbury visited Miss Helen Thrash the latter part of last week.

Children Cry FOR FLETCHER'S CASTORIA

The Masonic Lodge here is increasing its membership rapidly and the O. E. S. will soon be ready for action.

Ed Pearson came from Columbia last Friday to look after some business matters. He reports all well and wet at the Mo. Kas. game.

Felix Dooley of Dallas Texas arrived last Friday. He was unable to be present at the funeral of his father, William Dooley in September.

Misses Bertha Cuddy, Ella Marie Emerson, Nora Cuddy and Francis Dempsey went with Jay Cuddy to Columbia Thanksgiving day to see foot ball.

Ed. Prather was one of those who got soaked at the Mo. Kas foot ball game—not with the ball, but with rain drops. Mrs. Prather came to town to get him Friday.

Paul Cropper, who went to Wyoming two weeks ago to make his home returned last Friday. Either the weather was too cold or there is a Missouri girl in the case.

C. F. Lamkin, Dr. E. R. Carlstead, and R. L. Hunt went to Columbia in a car with C. C. Carlstead to witness the big foot ball game. All except C. F. returned that night by train.

There are some journals devoted to agriculture advocating another farmers alliance of some sort, for the establishment of uniform price for farm products. Such organizations have become political machines heretofore.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Beware of Cheap Substitutes

In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.
